## MAIN AUDITORIUM

- 08:00 – 10:30**      **Critical issues and new solutions in aortic endografting**  
*CHAIRMEN:*  
Eric Verhoeven  
Stephen W. K. Cheng  
*MODERATORS:*  
Po-Jen Ko  
Lubomir Spak  
Youngkyun Kim
- 08:00 – 08:33      Live case transmission from Singapore General Hospital
- 08:33 – 08:41      The status of EVAR in the Asia-Pacific region  
Stephen W. K. Cheng
- 08:41 – 08:49      Short-necked AAA: how short can we accept and when to use fenestrated grafts  
Eric Verhoeven
- 08:49 – 08:57      Parallel graft techniques including chimneys, snorkels ... – a real alternative?  
Ramon Varcoe
- 08:57 – 09:05      EVAR in unfavourable anatomy of Asian patients  
Chad Cheuk-Wa Tse
- 09:05 – 09:13      Reshaping EVAR - improving outcomes in challenging AAA anatomies  
Nilo Mosquera
- 09:13 – 09:38      Live case transmission from Beijing
- 09:38 – 09:46      Latest evidence and techniques for endovascular treatment of Type B aortic dissections  
Weiguo Fu
- 09:46 – 09:54      Endovascular Treatment of thoracoabdominal Dissection – the Indian experience  
Ravul Jindal
- 09:54 – 10:02      Branched techniques for thoracoabdominal aneurysms: status and how far can we go  
Eric Verhoeven
- 10:02 – 10:10      EVAR for ruptured abdominal aortic aneurysm  
Skyi Pang

**We are asking all faculty members to strictly respect the given time limits.**
