www.linc-around-the-world.com

LINC Middle East 2016

is a multidisciplinary, educational course covering all fields of peripheral interventions including carotid, renal, femoral, below the knee procedures as well as stent-grafting for AAA, TAA, aortic dissections, and venous interventions. The course is practice oriented, with special emphasis on complex revascularisation techniques and interdisciplinary discussion.

The organisers of the course and the members of the faculty would like to welcome you to the LINC Middle East 2016.

Live case transmission

During LINC Middle East 2016 several live cases will be performed from several international centers.

All live case transmissions are coordinated, filmed, and produced by the mediAVentures crew, using the latest in high definition television and wireless technology.

- **University Hospital Leipzig,**
Division of Interventional Angiology, Leipzig, Germany
Operators: Andrej Schmidt, Matthias Ulrich, Sven Bräunlich, Yvonne Bausback, Sabine Steiner, Johannes Schuster
- **Rashid Hospital, Dubai, United Arab Emirates**
Operator: Ayman Al-Sibaie

INVITED FACULTY

Course directors:

Dierk Scheinert,
Cardiologist, Angiologist,
Leipzig, Germany

Andrej Schmidt,
Cardiologist, Angiologist,
Leipzig, Germany

Giancarlo Biamino,
Cardiologist, Angiologist,
Impruneta, Italy

Faculty:

Walid Alami,
Interventional Radiologist,
Beirut, Lebanon

Adel Ahmed,
Interventional Radiologist,
Kuwait City, Kuwait

Ayman Al-Sibaie,
Interventional Radiologist,
Dubai, United Arab Emirates

Jamal Aldeen AlKoteesh,
Interventional Radiologist,
United Arab Emirates

Mohamed Almoaiqel,
Interventional Radiologist,
Riyadh, Saudi Arabia

Yvonne Bausback,
Angiologist,
Leipzig, Germany

Sven Bräunlich,
Angiologist,
Leipzig, Germany

Hazem Habboub,
Interventional Radiologist,
Amman, Jordan

Samer Koussayer,
Vascular Surgeon,
Riyadh, Saudi Arabia

Amit Kumar,
United Arab Emirates

Dirk Le Roux,
Vascular Surgeon,
Johannesburg, South Africa

Michael Lichtenberg,
Angiologist,
Arnsberg, Germany

Martin Maresch,
Consultant Vascular and
Endovascular Surgeon,
Ar-Rifaa, Bahrain

Antonio Micari,
Cardiologist,
Palermo, Italy

**Pradeep Pravinkumar
Mistry,** Vascular Surgeon,
Johannesburg, South Africa

Claus Nolte-Ernsting,
Interventional Radiologist,
Mülheim a. d. Ruhr, Germany

Bauyrzhan Ormanov,
Almaty, Kazakhstan

Zaki Samia
Lebanon

Qazi Shahbaz
Interventional Radiologist,
Riyadh, Saudi Arabia

**Mohamed
Raafat Sayed Okelah,**
Consultant Vascular Surgeon,
Cairo, Egypt

Johannes Schuster,
Angiologist,
Leipzig, Germany

Francesco Serino,
Vascular Surgeon,
*Abu Dhabi,
United Arab Emirates*

Mohamed Shaltout,
Consultant Vascular Surgeon,
Dhahran, Saudi Arabia

Sabine Steiner,
Angiologist,
Leipzig, Germany

Ahmed Taha,
Vascular Surgeon,
Cairo, Egypt

Ramesh K Tripathi,
Vascular Surgeon,
*Abu Dhabi,
United Arab Emirates*

Matthias Ulrich,
Angiologist,
Leipzig, Germany

Martin Werner,
Angiologist,
Vienna, Austria

Thomas Zeller,
Cardiologist, Angiologist,
Bad Krozingen, Germany

mediAVentures is the exclusive supplier of all multimedia services for the LINC courses. All live case transmissions are co-ordinated, filmed and produced by mediAVentures crew, using the latest in high definition television and wireless technology. As the complete transmission chain (from fluoroscopy to projector) is performed in full HD, the quality of the medical images as seen by the audience is identical to what the operators in the digital cathlab are seeing. Ultrabright projection onto huge screens, interactive panel and audience participation, innovative display techniques and a unique conference support service create a unique teaching experience, making LINC the most comprehensive interventional course available today.

MEDI  VENTURES

AUDIOVISUAL PRODUCTIONS FOR THE MEDICAL, MORE ADVENTUROUS WORLD

THURSDAY, APRIL 7, 2016

08:00–09:00

Scrub in with the experts: Interventional treatment of complex aortoiliac disease

■ with Andrej Schmidt live from University Hospital Leipzig, Germany

Moderators: Giancarlo Biamino, Ayman Al-Sibaie

Panel: Martin Werner, Mohamed Shaltout, Jamal Aldeen AlKoteesh

Flash presentation:

Techniques for complex aorto iliac lesions Matthias Ulrich via satellite

09:00–10:00

From simple to complex lesions: Robust IN.PACT DCB evidence will shift the SFA treatment paradigm

supported with an unrestricted educational grant from Medtronic

Moderator: Dierk Scheinert

Panel: Adel Ahmed, Thomas Zeller

09:00–09:08

Deep dive: IN.PACT SFA 2-year outcomes Antonio Micari

09:08–09:36

■ Live case transmission from University Hospital Leipzig, Germany

09:36–09:44

Understand the science behind the latest evidence:

The IN.PACT DCB method of action Thomas Zeller

09:44–09:52

Successful use of IN.PACT DCB in complex lesions: A real-world experience Ayman Al-Sibaie

09:52–10:00

DCB and directional atherectomy combination treatment (DAART):

From evidence to clinical practice Claus Nolte-Ernsting

10:00–11:30

Current and future concepts for challenging peripheral lesions

Moderators: Dierk Scheinert, Hazem Habboub

Panel: Antonio Micari, Adel Ahmed, Ahmed Taha, Pradeep Pravinkumar Mistry

10:00–10:08

Complex femoropopliteal lesions – How to approach? Adel Ahmed

10:08–10:16

Latest results from the LEVANT global registry and lessons learnt on optimal DCB use Dierk Scheinert

10:16–10:24

DCB – also the solution for long lesions? Antonio Micari

10:24–10:49

■ Live case transmission from University Hospital Leipzig, Germany

10:49–10:57

Use of atherectomy in long lesions Hazem Habboub

10:57–11:22

■ Live case transmission from Rashid Hospital, Dubai, United Arab Emirates

11:22–11:30

The endovascular solutions to bypass graft failure; revisiting the native artery Ahmed Taha

11:30–12:30

Symposium: The guide to drug elution and how to keep SFA treatment simple

supported with an educational grant from Cook Medical

Moderator: Thomas Zeller

Panel: Mohamed Raafat Sayed Okelah, Martin Werner

11:30–11:33

Introduction

11:33–11:40

How I use DES and DCB in my practice Mohamed Raafat Sayed Okelah

11:40–12:05

■ Live case transmission from University Hospital Leipzig, Germany

12:05–12:12

Why balloon angioplasty and BMS are obsolete Martin Werner

12:12–12:20

Leave the right thing behind – patterns of restenosis Thomas Zeller

12:20–12:30

Discussion and conclusion

12:30–13:30

Lunch

THURSDAY, APRIL 7, 2016 (cont.)

13:30 – 14:15

Scrub in with the experts: Current solutions for in-stent restenosis

■ with *Andrej Schmidt* live from *University Hospital Leipzig, Germany*
Moderators: *Giancarlo Biamino, Mohamed Almoaiqel*

Panel: *Antonio Micari, Claus Nolte-Ernsting, Amit Kumar, Walid Alami*
Solutions for treatment of ISR: what works best? *Thomas Zeller*

14:15 – 15:15

Symposium: Tackling complex fempop interventions

supported with an educational grant from *Abbott Vascular*
Moderators: *Thomas Zeller, Dierk Scheinert*

Panel: *Zaki Samia, Qazi Shahbaz, Martin Werner*

14:15 – 14:23

Overcoming the calcium challenge with technique and technology
(using optimal implantation techniques) *Thomas Zeller*

14:23 – 14:31

Middle East experience with SUPERA in complex fempop patients
Zaki Samia

14:31 – 14:51

■ *Live case transmission from Rashid Hospital, Dubai, United Arab Emirates*

14:51 – 14:59

My most challenging case of the year *Qazi Shahbaz*

14:59 – 15:07

My most challenging case of the year *Martin Werner*

15:07 – 15:15

Decision making in complex fempop cases (my treatment algorithm)
Dierk Scheinert

THURSDAY, APRIL 7, 2016 (cont.)

15:15 – 17:15

**Critical limb ischemia treatment 2016:
Lessons learned, current status, and future perspectives**

Moderators: Dierk Scheinert, Ramesh K Tripathi

Panel: Francesco Serino, Amit Kumar, Mohamed Shaltout, Martin Maresch

15:15 – 15:22

*Endovascular strategies for below the knee revascularization in diabetics
Ramesh K Tripathi*

15:22 – 15:32

The relevance of the angiosome concept for BTK procedures:

Pro Giancarlo Biamino

Contra Francesco Serino

15:32 – 16:11

■ *Live case transmission from University Hospital Leipzig, Germany*

16:11 – 16:21

Techniques for complex BTK revascularization:

Personal experiences Amit Kumar

Personal experiences Mohamed Shaltout

16:21 – 16:28

*Drug-delivery concepts for BTK arteries – status update on DCB and beyond
Dierk Scheinert*

16:28 – 16:35

Hybrid procedures in CLI treatment Martin Maresch

16:35 – 17:15

■ *Live case transmission from University Hospital Leipzig, Germany*

17:15 – 18:00

Scrub in with the experts: Latest techniques for carotids interventions

■ *with Andrej Schmidt live from University Hospital Leipzig, Germany*

Moderators: Giancarlo Biamino, Ayman Al-Sibaie

Panel: Martin Werner, Dirk Le Roux, Ahmed Taha, Ramesh K Tripathi

*Proximal protection and multilayer stents – finally the gold standard for CAS
Giancarlo Biamino*

FRIDAY, APRIL 8, 2016

08:00 – 08:45

Scrub in with the experts: The final frontier – calcified lesions

■ with *Andrej Schmidt* live from University Hospital Leipzig, Germany

Moderator: *Thomas Zeller, Qazi Shahbaz*

Panel: *Zaki Samia, Martin Werner*

Optimal strategies for crossing, vessel preparation and stenting
Sven Bräunlich via satellite

08:45 – 10:15

Latest techniques in endovascular aortic repair

Moderator: *Samer Koussayer*

Panel: *Dirk Le Roux, Pradeep Pravinkumar Mistry, Bauyrzhan Ormanov*

08:45 – 08:53

How to deal with challenging anatomies in EVAR *Samer Koussayer*

08:53 – 09:01

Iliac Branch Device – how and when to use *Ramesh K Tripathi*

09:01 – 09:26

■ Live case transmission from *Rashid Hospital, Dubai, United Arab Emirates*

09:26 – 09:34

Hybrid TEVAR for aortic arch aneurysms – experience with Zenith Flex
Ramesh K Tripathi

09:34 – 09:59

■ Live case transmission from University Hospital Leipzig, Germany

09:59 – 10:07

EVAR and TEVAR in my institution: a personal experience *Bauyrzhan Ormanov*

10:07 – 10:15

Discussion and conclusion

10:15 – 11:45

Focus session: Venous interventions

Moderators: *Michael Lichtenberg, Mohamed Raafat Sayed Okelah*

Panel: *Ramesh K Tripathi, Amit Kumar, Pradeep Pravinkumar Mistry, Jamal Aldeen AlKoteesh*

10:15 – 10:27

Current techniques and remaining challenges in iliac interventions
Michael Lichtenberg

10:27 – 10:35

Management of iliac venous disease – the role of IVUS guidance
Mohamed Raafat Sayed Okelah

10:35 – 10:43

Failure modes of iliac vein stenting and what can be done for them
Ramesh K Tripathi

10:43 – 11:08

■ Live case transmission from University Hospital Leipzig, Germany

11:08 – 11:16

Central venous venoplasty & stenting vs. rib resection *Pradeep Pravinkumar Mistry*

11:16 – 11:24

UAE experience of IVC filter for acute DVT *Jamal Aldeen AlKoteesh*

11:24 – 11:32

Series of interventions for benign SVC syndromes *Dirk Le Roux*

11:32 – 11:45

Discussion and conclusion

11:45 – 12:30

Scrub in with the experts: Management of thrombus containing lesions

■ with *Sven Bräunlich* live from University Hospital Leipzig, Germany

Moderators: *Giancarlo Biamino, Mohamed Almoaiqel*

Panel: *Michael Lichtenberg, Martin Werner*

Effective treatment of acute venous occlusions and the need to treat the underlying pathology *Michael Lichtenberg*

In-stent reocclusion: Why do we use mechanical debulking as first treatment step? *Dierk Scheinert*

12:30 – 13:30

Lunch

FRIDAY, APRIL 8, 2016 (cont.)

13:30 – 16:00

Meet the CTO experts – Advanced CTO crossing strategies and pioneering techniques for CLI treatment

■ with *Andrej Schmidt, Sven Bräunlich, Matthias Ulrich*
live from University Hospital Leipzig, Germany

■ with *Ayman Al-Sibaie live from Rashid Hospital, Dubai, United Arab Emirates*
Moderators: Giancarlo Biamino, Hazem Habboub

Panel: Amit Kumar

Endovascular treatment strategies in diabetic foot Antonio Micari

Treatment of AV fistula with DCB Mohamed Almoaiqel

Latest retrograde access techniques for BTK and foral popliteal procedures
Andrej Schmidt via satellite

GENERAL INFORMATION

Registration desks will be open on:

Thursday, April 7, 07:15 – 18:00
Friday, April 8, 07:45 – 12:00

Certificate

Your certificate will be available for download on our website (www.linc-around-the-world.com) after the course.

EUCOMED

We are happy to announce that EUCOMED has rated LINC Middle East 2016 as **COMPLIANT**.

Industry support

We would like to sincerely thank the following companies for generously supporting LINC Middle East 2016:
